

Nelson Mandela High School

Digital Citizenship Plan 2024-2025

Relevant contextual information about your school and School Development Plan:

- Student population of 1936 is quite diverse with students speaking over 50 different languages at home.
- Significant EAL population that influences our approach to teaching and learning for all students
- Students, parents and teachers see our wellness goal of increasing the percentage of students who feel welcomed, cared for, respected and safe at school as foundational
- We are working to improve our 3-Year and 5-Year High School Completion Rate through our SDP

Relevant evidence and data that informs your Digital Citizenship Plan:

- Students have access and are encouraged to utilize a variety of online tools that meet their needs and interest
- Online tools including Brightspace (D2L) are aligned and integrated to promote student learning goals
- Nelson Mandela focused on improving digital equity through a number of initiatives
- Partnerships allow for a Chromebook loaner program to students requiring access to technology at home
- Computer lab space open to all students before and after school every day

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Theme(s) (these may be from 6 Themes of DC benchmarks)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	November	January	June
